wonderful experience prompt with an estimate. On time, on budget, and excellent work. My home appears to be brand new. A few spills on a table were quickly cleaned up. The All Star Painting crew was outstanding! Strongly recommended.

We had our full condo painted by All Star Painting Company. they did a fantastic job. took the time to explain the job in detail. Every evening I came home the house was tidy and easy to function. I would definitely use them again & recommend them to others. It was a pleasure having them both work on our home!

All Star Painting did a great job painting a complicated exterior door for us, and came back to touch up when we requested. ASPC was great to schedule with, the job was professional, and our door looks great.

They did such a great job painting my home. You can totally trust them to make your home looking beautiful. They are very prompt and professional. We needed the job to get done on a certain time frame and the job was done even earlier than that. Great price with awesome service! I am going to use them for my future projects/renovations!

I needed to paint my apartment, and I received estimates from various companies. Ultimately I chose Precision Painting. They offered the best price, and I was impressed by their service. answered all my questions and was accommodating in arranging the time that best suited me. When the painters came they worked quickly and took great care with moving my furniture. I highly recommend them.

We have been pleased with everyone at All Star Painting Company from the first contact thru the final walk through of their exterior paint job. They did a fantastic job. We liked their work, diligence and price for the exterior so much that we signed them up to paint the interior of our house.

The team painted our entire apartment prior to moving in, including some tricky/deep green coloring in a couple rooms. It was job that required extra skill and precision because of all the molding and fixtures, and it was executed expertly. We were completely please with the result, which was a big step towards making the apartment a home, and we will surely use them again in the future.

The entire team was incredibly professional and exceeded our expectations. The process, setting up the appointment, selecting the colors, getting the job done, all could not have been easier! This company personifies good service and old fashioned workmanship. I would hire them for my next job without even getting estimates.
